This week of **advanced training** is for the player who is looking to take their game to another level. Functional training and understanding tactical situations will be a major part of the week. We will emphasize things like beating an opponent on the dribble, finishing techniques and finding seams in the box, heading to goal, defensive heading, individual and small group defending, receiving and holding the ball under pressure, and maintaining possession as a group. Tactical decisions will be emphasized in small group situations and in larger group games.

This camp is designed for the player looking for training that will push them beyond their present abilities and challenge them in all aspects of the game. Coach Moffett and his staff will teach and reinforce the techniques that are required to be successful at the high school level. It is expected that those attending will be up to the challenge.

If you would like your son or daughter to attend please fill out the registration and waiver below and mail it back to the address below along with your check payable to **Patriot Pride Soccer Camp.**
